

WITH BCI PROFESSIONAL'S DILUTION CONTROL DISPENSING SYSTEMS

Chemical Dispensing Made Easy

BCI Professional Dilution Control Dispensing System with Cabinet

The newly designed BCI Professional Dilution Control Dispensing System offers a sturdy constructed cabinet and maintenance free dispensing. Dilution Control features 25 different products including 4 Green Seal and 6 Safer Choice formulations. Worrying about over or under diluting is in the past, the tip in bottle design delivers exact product dilutions. This flexible system is designed to meet all your cleaning needs delivering value priced ready-to-use chemicals.
